Summary

M.Sc. Web Engineering student at TU Chemnitz with 3+ years of professional experience as a Platform and DevOps Engineer at A.P. Moller Maersk. Strong in **Java** and **Spring Boot** backend development, **Kubernetes** on **Azure**, and **CI/CD** automation, with internal tooling used by **5,000+ engineers** and **1000+ production issues** resolved. Experienced in incident triage and in mentoring and onboarding new engineers, recognised with the **SPOT Award** and a **Best Mentor** award at Microsoft. Looking for a **Werkstudent** role in backend, web or cloud engineering.

Education

- **Technische Universität Chemnitz** — **Chemnitz, Germany**
  M.Sc. Web Engineering — *October 2026 – Present*
- **Visvesvaraya Technological University (VTU)** — **Bangalore, India**
  B.E. Electronics and Communication Engineering (**CGPA:** 8.42/10) — *August 2019 – May 2023*

Experience

A.P. Moller Maersk — **Bengaluru, India**
Platform Engineer (IDP team) — *April 2025 – September 2026*

- Built backend workflows with **Java**, **Spring Boot**, and **Temporal** for deployment validation and service onboarding, used by **8,000+ engineers**.
- Automated **CI/CD** pipeline scaffolding, reducing manual setup for engineering teams.
- Operated and troubleshot **Kubernetes** clusters on **Azure**, including **Helm** and rollout debugging.

Associate DevOps Engineer — *September 2023 – March 2025*

- Owned and maintained **CI/CD** pipelines using **Azure DevOps**, **GitHub Actions**, **Docker**, and **Kubernetes**.
- Resolved **1000+ Level 2/3 incidents**; received the **SPOT Award** for high-impact contributions.
- Developed **Python** automation scripts for operational tasks and integration testing; ran bi-monthly onboarding sessions for new joiners.

DevOps Engineer Intern — *February 2023 – September 2023*

- Assisted with **CI/CD** pipelines, deployments, monitoring checks, and incident triage in production using **Docker**, **Kubernetes**, and **Azure DevOps**.

Microsoft — **Bengaluru, India**
Microsoft Learn Student Ambassador — *August 2021 – May 2024*

- Promoted from Alpha to Beta milestone; organised technical workshops on **Java**, web development, and cloud computing at college level; completed hands-on **Azure** assignments; named **Best Mentor**.

Projects

GitHub Integration API (Java, Spring Boot, GraphQL, REST): backend service to visualize contributor activity and repository statistics.
Tokenisation of Real Estate (Ethereum, MetaMask, IPFS): web platform for fractional ownership of real estate assets.

Skills

Languages and Backend: Java, Spring Boot, REST APIs, Temporal, Python(basic), HTML/CSS, PostgresSQL, Kafka
Cloud and DevOps: Microsoft Azure, Docker, Kubernetes, Helm, Flux, CI/CD, GitHub Actions, Azure DevOps, Git
Monitoring and Testing: Grafana, Prometheus, Loki, JUnit, Mockito, Pytest, Selenium
Tools: Linux, Mac OS, Jira, Confluence, Miro, Nexus, Sonar, Agile and Scrum methodologies

Certifications, Awards and Languages

Certifications: Certified Kubernetes Application Developer (CKAD), Azure Administrator (AZ-104), Azure AI Fundamentals (AI-900), Azure Fundamentals (AZ-900)
Awards: SPOT Award, A.P. Moller Maersk; Beta Microsoft Student Ambassador; Best Mentor, Microsoft Student Ambassador program; Digital Tech Knight, Cognizant
Languages: Kannada, English, Hindi, Telugu, German (A2, in progress)
